

# MEETING #7 SUMMARY — JUNE 25, 2026

Atlas Morgan Land Partnership (working name TBD) · Marcus + Chris · In-person at Marcus's · ~79 min

## KEY DECISIONS

- DECIDED** CRM: **Airtable** — REIPro out (limited API docs), REsimpli out (address-required bug for land), FreedomSoft out (BBB D- rating)
- DECIDED** First mailer target: **July 14, 2026** — 3 weeks out
- DECIDED** County selection process approved — Park CO + Smith TX + White TN as launch portfolio; rubric is the repeatable process
- DECIDED** STR % via manual Zillow lookup — 90 sec/county, not worth automating around Zillow's bot protection
- DECIDED** LLC = standalone clean entity (not sister to Atlas Morgan Investments) — both partners own equally through their respective LLCs

## BRAND NAME — STILL OPEN

Marcus owns; will finalize in next 2-3 days. Chris has veto. Marcus is currently 60% Acreline Land / 40% Atlas Morgan Land, with strong interest in Marlowe Green.

| CANDIDATE         | NOTES                                                                                                                   |
|-------------------|-------------------------------------------------------------------------------------------------------------------------|
| Acreline Land     | Marcus's lead. "Acre" = acreage, "line" = boundary; 4 syllables; clean digital footprint. Slight L-slur tongue twister. |
| Atlas Morgan Land | Sister to existing 13-yr Atlas Morgan brand. Heavy "Atlas land" digital noise.                                          |
| Marlowe Green     | Marcus reaction: "fuck yes." Domain .com available. No US LLC conflict.                                                 |
| Slate variants    | Slate Grid, Slate Late, etc. Both like "slate" — single syllable, foundation feel.                                      |
| Other explored    | Verde, Apex, Tillage, Strata, Plumbob, Grid Line, Boundary, Dirty Jimmy's (joke)                                        |

Brand criteria: "established, trustworthy, rooted feel; 4 syllables or less; spellable, speakable, searchable; clean digital footprint."

## NOTABLE QUOTES

- "We're not going to be the cheapest cash-flow land. We want credibility, trustworthiness, a sense of being established. Something that feels rooted, like not going anywhere." — Marcus, on brand criteria
- "I love how clear it is. We're going to Park County and White Tennessee. We'd never even heard of White Tennessee. So it's quite cool that you've got these kinds of things." — Chris, on the county scorecards
- "If it doesn't have API access, it's going to be a problem in other ways. We don't want an API problem." — On why REIPro is out
- "Marlowe Green Land Company — fuck yes." — Marcus, on Marlowe Green

## ACTION ITEMS

| OWNER  | TASK                                                             |
|--------|------------------------------------------------------------------|
| Marcus | Finalize brand name (next 2-3 days)                              |
| Marcus | Finalize call system (Pat Live + simul. ring)                    |
| Chris  | Review/veto brand name decision                                  |
| Both   | File LLC once brand finalized (SOS, EIN, bank account)           |
| Both   | First mailer: 100/county — target Jul 14                         |
| Gerald | Build Airtable base for land CRM ⚠️ Next session                 |
| Gerald | STR manual lookup card  Delivered Jun 25                         |
| Gerald | CRM deep-dive research  Delivered Jun 11                         |
| Gerald | API limitation analysis (REIPro, REsimpli)  Jun 25               |
| Gerald | Tier-2 CRM comparison (Airtable vs HubSpot vs Pipedrive)  Jun 25 |
| Gerald | Brand name ideation rounds  Jun 25                               |

## OPEN QUESTIONS

- Final LLC brand name?
- LLC entity name format (Acreline Land LLC vs Atlas Morgan Land LLC vs Marlowe Green LLC)?
- Domain registration ownership (which partner registers)?
- Airtable base — Paul Brewer template or build custom?
- Call system status?
- PropStream / research subscription refresh timing?
